

**Dynamic activities during camp are used by trained counselors to bring the Bible close to the heart of campers. Each camp activity has a biblical illustration designed into it that is taught right on the spot by the counselor to his/her cabin team.**

**Send your new found treasure to help kids in Mexico. Camps International, in partnership with RYCCA, seeks to provide camp settings for youth, in which trained leaders**

**facilitate directed learning experiences that relate creation and Christ.**

## **Youth Camps in Mexico Treasure Hunt**

**Imagine the fun of trying to find buried treasure at summer camp. At RYCCA's first camp, which was in an avocado orchard, they hid a chest full of gold painted avocados.**

**We think adults can have a great adventure, too, looking for things that will add value to kid's lives.**

**Play along...**

# Discover Treasure used for Eternal Purposes

## Treasure Hunting

**RYCCA camps need items that can be purchased, found around your house, or at garage sales.**

**We are asking you to provide building equipment and items to be used for the counselor in relationship-building activities.**

**Your searching can enable interaction at the water front, on the playing field, and at activity centers. We desire that these activities bring kids closer to Christ.**

**RYCCA trains counselors to utilize opportunities to communicate Christ with each camper.**

**Counselors share personal testimony and Bible truth during camp.**

**See "Needs List" (far right) to begin your treasure hunt.**

## Church Orientated

**Camps provide special opportunity for local churches.**

**Pastors and small group leaders are encouraged to send a team from their church to camp. A team consists of a counselor, an assistant counselor, three children from the church and two non-churched children who are invited by church members.**

**Camp is the platform for the counselor's five day mini-ministry.**

*Counselors at training session using cooperation course. >>>*

## Needs List

- 10 plastic tarps (12 X 12).
- Equipment for baseball, tetherball, volleyball (aslr).
